CASE #: BCVHS00002

CASE NAME: IN THE MATTER RE: THOMASON N STEELE

HEARING:
Petition for Appointment of Conservator

COUNSEL:
LYNDON J TAYLOR (CPE)...DIXIE J ALLISON
THOMASON N STEELE (CEE)...

GENERAL INFORMATION

THIS CASE IS SET FOR HEARING ON Petition for conservatorship of the person and the estate.

THE FOLLOWING ISSUES AND/OR DEFICIENCIES IN THE PAPERS ARE NOTED:

1. The petition indicates that the Conservatee will attend the hearing and there is a nomination signed by the Conservatee in the file. Under such circumstances the Court Investigator generally does not do a report. However, in this case the Conservatee is alleged to be suffering from dementia. It might be in his best interest for the court to insist on a Court Investigator report.
2. Dementia powers are sought. File capacity declaration.
3. Dementia powers are sought. Court must appoint counsel for Conservatee.
4. Petitioner seeks 2590 powers. Apparently the Conservatee transferred his home to an entity not entitled to do business in California in return for a promise to provide him with housing for the rest of his life. It is alleged that the entity has no housing in California. Petitioner wishes to have authority to review the contract and potentially repudiate the contract and/or do a reconveyance.
5. File return of citation.
6. File notice of hearing and proof of service.

7. There is also a petition for exclusive authority to give medical consent. However, in the underlying petition for conservatorship that box was checked and then whited out. Is petitioner seeking medical powers? If so, file capacity declaration and file verified supplement clarifying the issue.
8. Based on information in the file, set bond in the amount of \$56,000.

RECOMMENDATION:

If petition granted court will have to set future dates. Set hearing for filing of inventory and appraisal for 3-20-07. Set hearing for accounting review for 11-6-07. Accounting to be filed 30 days in advance.
